## ARCADE FIRE BEHIND THE BLACK MIRROR EBOOKS 2019

Author: Mick Middles

Release Date: ;Lanzamiento previsto: @@expectedReleaseDate@@

The story of a world-beating multi-instrumental band with a unique creative dynamic.

Formed in Boston in 2001, Arcade Fire quickly relocated to Montreal and started performing in art galleries and lofts while hoping for a record deal. The early line-up quickly changed following rifts, first between co-founder Win Butler and Myles Broscoe, then between Butler and Brendan Reed. Broscoe and Reed departed and the ensemble that finally signed with Merge Records discovered strength and creativity. Arcade Fire's sensational 2004 debut album Funeral launched the alternative indie band on an international career that has seen it carve a successful niche in contemporary rock.

Their story is compelling - a complex musical collaboration in an eight-piece band that has coalesced around Win Butler and Régine Chassagne. They have triumphed worldwide at festivals and stadiums while racking up three award-winning albums: Funeral, Neon Bible and The Suburbs.

There has never been a band quite like Arcade Fire. It is the story of a truly fascinating band whose music has always triumphed over the trappings of success.
